EXPERIENCE

KENT DISTRICT LIBRARY | Grand Rapids, MI *User Experience Designer*

Engaged in the UX design process by redesigning KDL's catalog website, conducting user and persona research, creating wireframes and paper/digital prototypes, and performing statistical analysis on findings. Figma, Invision, Adobe XD/Photoshop/InDesign were heavily used.

Sep 2018 - May 2019

DEVLY DESIGN | Pontiac, MI *Co-founder / Web Developer*

Created own design and development company to showcase learned skills and approach the industry from a leadership perspective. Skills utilized include HTML5, CSS3, Javascript, JQuery, React/Redux, Bootstrap, and Adobe Photoshop/Illustrator/XD.

Jan 2018 - May 2019

GROUNDCOVER NEWS | Ann Arbor, MI *Database Administrator*

Worked extensively with both Microsoft Access and SQL to maintain a multi-hundred query database as well as contributing to the non-profit's website and blog. Improving and reiterating upon the database improved the efficiency and productivity of Groundcover operations and staff.

Jan 2017 - Jan 2018

TRINI & CARMEN'S RESTAURANT | Waterford, MI *System Administrator*

Performed IT maintenance on office computers (Mac and Windows OS), video surveillance, LED signs, printers, fax machines, landline phones, and the Digital Dining / Toast restaurant point of sale (POS) systems.

Constructed and maintained the company website and digital menu in 2016.

Jan 2014 - Jan 2018
